WILMINGTON, N. C., TUESDAY, APRIL 6, 1909.

WHOLE NO. 12,960.

OUTLINES.

George Barter, the notorious yeg-man, who escaped with "Tennessee Dutch" from the jail at Greenville, S. C., Saturday night was captured near Asheville last night after a severe fight with a deputy sheriff. "Tennessee Dutch" after wrenching a revolver from the officer made his escape. Ex-President Theodore Roosevelt and his party en route to the heart of Africa spent several hours in Naples, Italy, yesterday. Roosevelt was accorded the most cordial hospitality. The schooner A. & M. Carlisle has been reported by wireless to be in distress off the North Carolina coast. She was picked up by the steamer Prinz Joachim, but the hawser broke and after the crew refused to leave her the steamer proceeded. A banquet was tendered Henry H. Rogers, builder and owner of the Virginian railway and his party, at Roanoke, Va., last night. The United States cruiser California sailed Saturday from Magdalena Bay with forty-nine shipwrecked passengers from the Pacific Mail steamer Indiana, which was wrecked near the entrance of the bay and is reported to be a total loss. A jury has been secured in San Francisco, after many weeks, to try Patrick Calhoun, president of the United Railroads, charged with bribery. The House of Representatives adopts a rule allowing certain amendments to be offered to the tariff bill and for final vote on the bill next Friday. Kate O'Dwyer, the woman prisoner in Athens, Ga., who had been chained, broke her shackles and escaped. At Pensacola, Fla., a negro who had killed a policeman Sunday night and hanged by a mob. The Federal Supreme Court decides the South Carolina liquor cases in favor of the State. At McAra, Ga., Pope Hill, a lawyer in the famous Dodge land suit was assassinated by unknown persons. This is the third murder that has resulted from this case. At St. Louis argument is begun by United States attorney in the suit to dissolve the Standard Oil Company. The Federal Supreme Court decides the Kentucky railway rate case in favor of the railroads. Colonel Geo. H. Thats is re-elected President of the Panama Railroad. A contract is made for 400,000 tons of Pocahontas coal. New York Markets: Money on call easy at 1-1/2 to 2 per cent., ruling rate 1-3/4, closing bid 1-3/4, offered at 2. Flour firm. Wheat steady, No. 2 red 1.29 3/8 elevator. Corn steady. Oats steady, mixed 57 to 58, Rosin steady. Turpentine easy, Cotton quiet, 10 points higher, middling—uplands 10.10, middling gulf 10.35.

Wonder if the Raleigh Reformers don't feel like having somebody kick them for not doing it two years ago?

Where they stand on the tariff is about as puzzling to some Republicans as it seems to be to some Democrats.

Judge Adams may not be able to convict the Butlers, but he has made them put up a mighty hard fight to keep him from doing so.

The acquittal of the Butlers will not necessarily mean that the jury finds the things they published about Judge Adams to be true.

If the majority in Congress disapproved of Speaker Cannon's course it would not continue to elect him to the office he has held so long.

A Georgia baseball umpire killed a pitcher the other day for jawing him. That man will be in demand before the season is over.

Speaker Cannon's opinion of Carnegie has been raised by the latter's remark that it's an intelligent employee who knows when to disregard the rules.

The stand-patters in Congress have the advantage of the Democrats and of the "insurgent" Republicans in that they know what they want on the tariff question.

The new administration in Raleigh must not expect to get through without knocks, and a great many of them from the people who helped put it in power.

Spencer B. Adams went upon the witness stand and, of course, was cross examined by the other side. Now it's up to Marion Butler to do the same, but will he do it?

The trouble is that those who advocate high tariff know what they want while those who oppose it don't know what they want, or if they do, cannot agree in asking for it.

Senator Overman is bestirring himself in behalf of Charlotte's May 20th celebration. He will secure federal troops and a military band and, perhaps, a number of flags from the War Department for the occasion.

If that Adams-Butler case will settle the question as to how far a newspaper can go in making charges against politicians those men will have done the politicians and the newspapers a good service.

BOARD OF ALDERMEN

Several Important Matters Before Regular Monthly Meeting of Council Last Night.

MEAT INSPECTION LAW

Passed on Divided Vote, Effective October 1st—Ordinance Requiring Horses Hitched After May 15th—Near Beer.

Passage of an ordinance providing a rigid meat inspection in the city on and after October 1st, another requiring all horses and beasts of burden left in the street, after May 15th, to be securely hitched or in charge of some competent person; the failure to pass a third ordinance preventing the sale of near beer and other beverages of more than half of one per cent. alcohol on Sunday, and the hearing of the usual monthly departmental reports were the leading features of the regular monthly meeting of the Board of Aldermen last night.

Many matters of odds and ends, preparatory to the final meeting on the first Monday night in May after which time the new administration will take charge, were disposed of and the Aldermen generally indulged in much levity at the expense of one another in connection with the early expiration of their terms. The meeting lasted two hours and contrary to the general rule there were few spectators and little apparent general interest in the proceedings.

The Board met shortly after 8 o'clock, Mayor Springer presiding and all members present except Mr. Karr. Minutes of preceding meetings having been approved, the Board confirmed its former action appointing Mr. W. E. Perdue and the Mayor reappointed Mr. M. W. Jacob as members of the Water and Sewerage Commission.

As provided by law the Board unanimously re-elected Miss Margaret L. Gibson, Mrs. A. J. Howell, Jr., Messrs. S. M. Boatwright, R. W. Price and Eugene S. Martin trustees of the public library.

The usual monthly reports were received, that of the Chief of Police showing 53 arrests during March, two defendants before establishment of the Recorder's court having been sent to the roads for 60 days and one to the farm for 30 days. Costs amounting to \$31.55 were paid into the city treasury and fines of \$45 to the school fund. The Fire Department reported 19 alarms during the month and property loss of about \$9,000 during March. The Superintendent of Health reported 39 deaths, 15 white and 24 colored, during the month; 79 births, 33 white and 46 colored; 6,408 inspections made; 1,675 orders for disinfectants issued; 14 fumigations done; seven complaints investigated and five cases of diphtheria quarantined. The City Clerk and Treasurer reported a balance of \$16,524.16 on March 1st, receipts of \$45,697.17 during March, making a total of \$62,221.30 out of which \$13,521.23 was disbursed, leaving a balance of \$48,700.07 on April 1st, of which amount \$32,946.54 was deposited in the Murchison National Bank, \$9,011.25 with Harris & Co., for coupon account; \$500 for Blair & Co., and cash and cash items, \$6,242.28.

Communications from the Board of Audit and Finance were read. Bond of Mr. M. J. Heyer as commissioner of the sinking fund in the sum of \$5,000 with B. H. J. Ahrens and L. Hanson as sureties was approved.

Chairman Rathjen, of the Market Committee, made a very complete report of the operations of his department during the past year, this being a highly creditable showing, many permanent improvements having been made, including the building of the handsome consolidated fire and market house at Fourth and Campbell streets.

Chairman Ellis, of the Sanitary Committee, reported the work in Macomber's ditch progressing very satisfactorily, three men having been engaged there the past six weeks.

Chairman French, of the Streets and Wharves Committee, reported work progressing on the Red Cross street drainage, the new dock at foot of Princess street and the practical completion of the Castle street road extension.

Chairman Jewell, of the Public Building Committee, reported that he understood that the Board of Audit and Finance would not concur in the proposition to enter into another lease of the Academy of Music for a term of years, conditioned upon an expenditure of several thousand dollars for improvements. Aldermen Northrop and Wood stated that they understood that since the change in the membership, the Board of Audit and Finance would now perhaps be in favor of another lease of the house, if it could be shown that same would be of advantage to the city. After some discussion the Public Building Committee was requested to again take up the matter with the Board of Audit and Finance.

The City Attorney reported that at the request of several Aldermen he had drawn the following ordinance, which was presented for passage: "Be it ordained by the Mayor and

GUILTY IN MURDER TRIAL

Young Men Convicted in Raleigh Sentenced to Prison—Robeson Negro to Hang in May—Wilmington Produce Co.

(Special Star Telegram.)

Raleigh, N. C., April 5.—Counsel for Earle Cotten, Tim Holderfield and Red Hopkins, under respective sentences of 30, 10 and 2 years for the murder of Dr. E. W. Smith, in this city, on the night of November 14 last, have decided not to appeal to the Supreme Court, the jury having returned a verdict against them Sunday morning. As the young convicts express it, they "will take their medicine" without further resistance.

Friday, May 21st, is the date fixed by Governor Kitchin for the execution of the death sentence of Junius McKay, at Lumberton, for the murder of Alex. McKay. The conviction was at the last November term of Robeson court and the murder was during the previous February. An appeal to the Supreme Court was delivered two weeks ago, affirming the lower court. The body of McKay was found in a side street of Rowland. Junius McKay had during the same evening repeatedly threatened to kill him as a "liquor spy." Justice Brown in writing the opinion of the Supreme Court affirming the conviction, declared that there was the strongest sort of evidence of murder in the first degree and that the findings of the jury and the course pursued by the trial judge were regular and correct in every way.

Governor Kitchin commissions Colonel J. Bryan Grimes to succeed himself as a member of the North Carolina State Historical Commission. Also re-commissioned F. W. Hancock, Oxford, a member of the State Board of Pharmacy of which he has been secretary for a number of years.

A charter is issued for the Wilmington Produce Co., capital \$10,000 by J. W. Brooks, B. F. King, Coy Hewlett, G. P. Holding and O. A. Durant.

The charter of the Charlotte Trust and Realty Co., is amended so that the corporation has power to negotiate loans, endorse notes, mortgages, deeds of trust and do a general guarantee and collection business.

MRS. FRANCES A. GILBERT.

Passed Away Sunday and Funeral Will Be Held This Morning.

The death of Mrs. Frances Augusta Gilbert, who passed away Sunday morning at the James Walker Memorial hospital, after a critical illness of ten weeks, was mourned with many expressions of regret by friends in the city, of whom she had a great number.

The deceased was in the 30th year of her age, and besides a husband, Mr. V. M. Gilbert, is survived by one little daughter, aged five years. Mrs. Gilbert also leaves two sisters, Mrs. John J. Furlong and Miss Marjorie Bates; two brothers, Messrs. G. R. and W. E. Bates, who reside in this city. Mrs. T. C. Dickinson, Mrs. E. G. Jones, Mrs. Wm. Hayes and Mrs. J. T. McNally, of New York, are aunts of the deceased.

Services over the remains will be held this morning at 9:30 o'clock from the residence, thence to St. Thomas' Pro-Cathedral, at 10 o'clock, Father Dennen officiating. The interment will be in Oakdale cemetery. The bereaved ones have the tenderest sympathy of all in the sorrow which has come to them.

Not Constant "Tuck" Savage.

Through an error, the name of Constant W. B. Savage appeared in the advertised list of tax delinquents published in Sunday's Star. It should be stated in justice to this popular and efficient public officer that he owes the city no taxes, delinquent or otherwise holding a receipt for all his indebtedness to the State, county, city and township. The Star is very glad in this manner to set Constant Savage straight before his friends and the general public.

Southern Freight Claim Agency.

The Southern Freight Claim Agency which has been successfully operated for several years in this city by Mr. J. F. Head, has been taken over by Mr. Richard L. Meares, who has opened offices at 506 Southern Building. A competent overcharge man to check rates and pass upon claims for loss and damage has been secured and Mr. Meares expects to considerably enlarge the scope of the agency and add to its effectiveness.

Suit Against Coast Line.

Through his attorney W. P. Mangum Turner, Esq., suit was entered in the Superior Court yesterday by Luke Davis, colored, against the Atlantic Coast Line for damages, resulting from injuries received last Fall which later necessitated the amputation of his left foot. While the complaint has not been filed, it is understood that between \$3,000 and \$5,000 will be the amount asked for.

Mr. and Mrs. Redd Bereaved.

The death of Lola Francis, infant daughter of Mr. and Mrs. C. C. Redd, occurred at the family residence on South Second street, Saturday midnight, following a short illness, and the parents have the tenderest sympathy of many friends in the city. The funeral was held from the home Sunday afternoon and the remains were interred in Hillview cemetery.

AFFAIRS OF COUNTY

Commissioners in Regular Monthly Session Considered Number of Important Matters.

SCHOOL ELECTION IN MAY

Reward of \$50 For Violators of Prohibition Law—Extension of Inland Waterway Via Wilmington. Tax Listers Appointed.

Response to the request of the County Board of Education for a special school tax election on May 21st, the offer of a standing reward of \$50 for the arrest and conviction of any person or persons violating the State prohibition law, the hearing of an important matter in regard to the survey of the proposed inland waterway route via Wilmington and the transaction of the usual routine business, were the principal features of yesterday afternoon's regular monthly meeting of the Board of County Commissioners at the Court House.

The request of the County Board of Education for the special tax election came over in the form of the resolutions recently adopted, accompanied by a certified copy of the act of the Legislature under which the election will be held, both of which papers were given careful consideration, and, upon motion, the matter of the call of the election was referred to the chairman and county attorney with power to act. It is likely that the formal call for the election will be issued in a few days now.

Just before adjournment of the meeting Chairman McEachern stated that it had come to his ears that there were repeated violations of the State prohibition law in the county and while he recognized the difficulty of enforcing such laws, he suggested that the Board offer a standing reward of \$50 for the arrest and conviction of each and every violator of the law. This was discussed and a motion carried that such a reward be offered to be in force and effect from date.

The Board met at 3 o'clock, Chairman McEachern presiding and all members present except Mr. Vollers. Architect Jos. F. Leitner was present with plans and specifications for relaying the tiling in the lobby of the Court House, with bids for the work as follows: R. H. Brady, \$2,250; McElmroch Mantle Co., \$2,190; E. L. Burriss, \$2,120; K. W. Jewell, \$2,150. Owing to the absence of Chairman Vollers, the matter was referred to that committee with power to act later.

Sheriff S. P. Cowan appeared before the Board and reported that he was ready to make settlement of taxes for 1908. The matter was continued to the Auditing Committee on Thursday.

Bond of F. T. Skipper as Clerk of the Recorder's Court in the sum of \$1,500 with the United States Fidelity & Guaranty Co., of Baltimore, was read and approved.

The Superintendent of Health reported five cases of diphtheria quarantined during the month; 144 patients treated in the office and six visited at their homes. An aggravated case of hiccoughs and a case of intermittent fever constituted the acute sickness in county institutions, which are all in good sanitary condition.

Bellamy & Bellamy, county attorneys, reported \$301.68 net back tax collections during March.

Capt. Walter G. MacRae appeared before the Board with reference to co-operation with the United States Engineers with reference to the survey of the proposed extension of the inland waterway from Beaufort, N. C., via Wilmington, using the Northeast branch of the Cape Fear river and other inland streams instead of adopting the sound route around Wilmington. The Board regarded the matter as highly important and appointed the entire Board as a committee of the whole with Capt. MacRae to present to the United States Engineers the advantages of the inside route in contradistinction to the waterway through the sounds.

Upon application of Smith & Lord, real estate agents, tax erroneously listed twice on property in Lot No. 2, Block 68, was refunded.

J. Howard, colored, was admitted to the County Home. Virgil Hill, colored, of Harnett township, was allowed \$2 per month on the outdoor poor list.

Road Superintendent H. Hocutt reported 35 cars rock used on Castle street road during March; completion of 1,700 feet of 18-foot roadway on same road, and grading 1,900 feet of same. Twenty-two cars of rock were used on the Masonboro road, completing 1,400 feet of 12-foot roadway on same and completing heavy fill at Whiskey Creek bridge and just beyond; graded 1,500 feet of same road. The city was furnished with four cars of rock. Work on Masonboro road is progressing slowly on account of long haul of five miles from Winter Park.

In the department of repairs the superintendent reported 126 days on Wrightsville turnpike and 34 days work on the Castle Haynes road. Used 80 tons of stone on turnpike and 10 tons on the Castle Hayne road.

The superintendent of the County Home reported 8 white and 11 colored

SPRINGER COAL COMPANY

Erection of Handsome New Building and Improvement of Its Extensive Wharfage on Water Street—Landmark.

The erection of a new and handsome brick building and a general improvement of its yards by the Springer Coal Company will be in progress within the next few weeks and is the latest evidence of returning prosperity along the local water front, the contract having been awarded to Contractor R. H. Brady, to be constructed at a cost of \$6,000.

The location of the building will be near corner of Water and Chesnut streets on the same site of the present building which is now being torn away by Contractor Brady preparatory to erection of the new building which will be finished during the Spring.

The plans and specifications for the building were prepared by Architect B. H. Stephens and it will be a modern two-story structure of modern appearance.

The first floor of the new building has already been rented, upon its completion, and the second story will be used as offices.

The old structure was erected by Mr. C. H. Robinson, a well known resident of this city, in the year 1860, one year prior to the Civil War and has been standing 49 years. During this period it has been occupied by various concerns, the offices of the Clyde Steamship Company being located there for many years. The offices of the Springer Coal Company are temporarily located in the wooden building on the same lot, in which Mr. Springer began business 36 years ago. The Springer Coal Company is to be congratulated upon this further evidence of its enterprise and its importance as a factor in the commercial life of the city.

ON WATERWORKS CASE

Superior Court Began Two Weeks Trial of Civil Cases Yesterday.

The opening day of the two weeks' term of New Hanover Superior Court, Judge W. R. Allen presiding, was entirely taken up yesterday with the beginning of the trial of the damage suit of Gaston D. Phares & Co., against the Clarence Waterworks Co., alleging an insufficient water pressure for the firemen to successfully cope with the Volliers fire at Front and Dock streets, February 9th, 1907, in which the plaintiff lost \$2,000 worth of furniture stored in a warehouse in the area of the burned district.

In addition to the regular jury for the week, 15 additional veniremen were returned and from these a jury to try the cause was selected as follows: E. C. Holt, C. H. Keen, J. Edw. Bunting, C. C. Harris, Archie McRay, C. L. Spencer, J. J. Windley, J. W. Willets, E. P. Bailey, W. D. George, John E. Hewett and W. H. Register. The attorneys for the plaintiff are Messrs. Meares & Ruark and Woodus Kellum, while appearing for the waterworks company are Herbert McClammy, Esq., Davis & Davis and Bellamy & Bellamy.

About half the plaintiff's testimony was a yesterday evening when court took a recess for the day at 6 o'clock. The witnesses examined were the plaintiff, Mr. Phares; Mr. John W. Blomme, a former salesman for the plaintiff; Dr. C. P. Bolles, Mr. Preston Cumming, Mr. H. E. Bonitz and Mr. W. P. M. Turner, at the time of the fire, city editor of the Messenger in this city. The testimony will be resumed upon the convening of court at 9:30 A. M. today.

THE GRACE REVIVAL

Services Being Well Attended—The Singing a Feature.

Large congregations attended the Sunday services at Grace Methodist church, which marked the beginning of the Spring revival which will be in progress throughout the week and last night another good attendance heard a profound and able sermon by Rev. T. A. Smoot, the pastor, who is conducting the services.

The singing of the choir under the direction of Mr. William Ramsey, is proving a valuable adjunct to the splendid sermons. A solo by Mr. Ramsey last evening received high praise from the congregation.

Inmates during March with 17 convicts, all colored.

Application of W. B. Tompkins for a gate in the county fence was referred to the superintendent of roads.

The report of the grand jury was read and its recommendations noted and acted upon.

The following tax listers were appointed at the same compensation as last year:

Wilmington township, T. O. Bunting; Cape Fear, R. N. Sweet; Harnett, Gerrit Walker; Masonboro, Henry Horne; Federal Point, Melvin Horne. The road tendered by W. A. Lineker and others from the Castle Haynes turnpike to Wrightsboro, was accepted and adopted as a public road.

Contract for feeding county live stock was awarded to Stone & Co., for hay; oats to B. P. Mitchell Co., and corn to Stone and Mitchell.

The chairman made report of the sentencing of a prisoner from Pender county to the New Hanover roads upon which it was regarded an excessive bill of cost had been returned. The chairman was instructed to take the matter up with the Pender authorities.

SHOCKING TRAGEDY

Mr. E. M. Gregg, Well Known Merchandise Broker, Instantly Killed by Falling Debris.

FRONT OF WOOLVIN BUILDING

Standing With Friend For Car to Pass When Accident Occurred—Coroner's Jury Held Inquest to Investigate Circumstance.

Mr. Evander McIver Gregg, a well known merchandise broker of Wilmington for many years and a gentleman held in the highest esteem by all who knew him, was almost instantly killed yesterday morning about 8:30 o'clock by the collapse of a pile of brick and other building material in the street in front of the new Woolvin building, on Princess, near Third street, the tragedy having been a great shock to the community and having called forth expressions of the deepest regret from all who heard of it.

Mr. Gregg was on his way down to business from his home a little more than a block further up the street and just in front of Mr. James F. Woolvin's funeral parlors at the east end of a pile of brick and other material taken from the old Court House when it was torn away to make room for the new structure some weeks ago, he met Mr. J. B. Hand, who had been down to his store and was returning home to breakfast. According to the testimony subsequently given by Mr. Hand at a coroner's inquest, which investigated the tragedy, the two men met very cordially and after shaking hands, Mr. Gregg, noting the approach of a suburban car bound to the junction on the double track running very closely to the pile of material, drew Mr. Hand toward him and said, "Look out for that car." Mr. Hand stated that as they met, each of them reversed his position, Mr. Gregg standing about three feet away and with his back toward the brick, his face looking east. Mr. Hand stood facing the pile of material, which was considerably higher than a man's head. Mr. Hand stated that just as soon as the car passed, he saw the pile of brick begin falling from the top and Mr. Gregg had hardly warned him of the approach of the car when he warned Mr. Gregg to look out for the falling brick, at the same time grabbing him by the coat to pull him out of danger.

The collapse, however, was too quick and the brick and evidently a door frame standing against the pile of material struck Mr. Gregg bearing him to the pavement. He could not say whether the door frame struck his companion or not, but thinks he was first struck by the brick which came from the top, several scattering ones having fallen about his shoulders and head while the bulk of them fell, of course, near his feet. Mr. Hand as quickly as possible reached down to lift up Mr. Gregg as he fell rather face downward, the injuries being manifestly in the back and on top of his head. The unfortunate man was dead when Mr. Hand picked him up. Dr. W. J. H. Bellamy and other physicians were summoned as hurriedly as possible but it was seen from the first that life was extinct and the remains were taken inside Mr. Woolvin's funeral parlors by many friends who came up in a great crowd that gathered. As gently as possible the news was broken to the bereaved wife and other members of the family, and later in the day many friends called at the home to sympathize with the bereaved ones and be of any assistance possible in the hour of their grief.

Mr. Gregg was about 60 years of age and is survived by his wife and one little daughter to whom with other sorrowing ones, the sympathy of the community is poured out in their deep affliction. The funeral will be conducted from the late residence, Fourth and Princess streets, this afternoon at 5 o'clock and the remains will be interred in Oakdale.

Coroner's Jury Summoned. Soon after the accident it was stated that an inquest would be unnecessary, but later Dr. C. D. Bell, the coroner who arrived to view the remains as is required by law, was furnished with an affidavit calling for an inquest as follows:

"State of North Carolina, New Hanover County.

"John T. Rankin being duly sworn says that he is informed and believes that E. McIver Gregg came to his death this day by a heavy door or window frame falling on him, which was unsecured placed on the public streets of this city and caused by said act, default or negligence of some person to afflict unknown."

The affidavit was duly sworn to before the Clerk of the Superior Court and upon the same Dr. Bell at once summoned a jury of inquest which later met at 4 o'clock yesterday afternoon at the Court House and organized as follows: Capt. Louis Belden, foreman; W. W. Hodges, secretary, Frederick Fosgate, D. L. T. Capps, Martin Newman and A. W. Watson. The only witnesses examined were Messrs. William Struthers, Jr., Mr. Percy L. Smith and Mr. Hand, the latter detailing the evidence about as

WILLIAM H. BERNARD
Owner and Editor.

WILMINGTON, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under the Act of Congress of March 3, 1879.

Tuesday, April 6, 1909.

GROWTH OF ILLICIT DISTILLING.

A Washington Dispatch says: "Officials of the internal revenue bureau of the treasury department are of the opinion that the temperance movement which has taken such a strong hold of certain sections of the country, particularly in the South, has resulted in increasing the number of violations of the internal revenue law as to the illicit distillation of whiskey."

That would strike one not acquainted with the true conditions in the sections referred to as being rather paradoxical. Such person would want to know how it were possible that a temperance movement "which has taken such a strong hold" on a certain section of country could have the effect of increasing the illicit distilling of liquors in that section. But a study of conditions existing before and after the spreading of that tidal wave of prohibition will show how the assertion of the officials of the internal revenue bureau may be true. The bureau officials have data from which to come to correct conclusion as to whether "blockading" has increased or decreased since the setting in of the "temperance movement," and they say it is on the increase. These officials say:

"Recent reports indicate that in many Southern States, especially Alabama, Georgia, and North Carolina, there has been greater activity on the part of the lawless mountain element, who always have been troublesome to the revenue agents, than in many years. These three States have laws prohibiting distilleries from operating within their borders. In Alabama, the law went into effect on July 1, 1908; in Georgia on January 1, 1908; and in North Carolina January 1, 1909. Many legitimate distilleries have moved to Florida and other States, where the prohibition does not exist. Whiskey being more difficult to obtain in a legitimate way has greatly increased the profits of illicit distilling, with the result that the activities of the internal revenue bureau at this time is largely directed towards the mountain section of these three States. "The section of the South where there is the most activity among the so-called moonshiners embraces the Atlanta district, where, it is reported, 120 stills were seized and destroyed in December last. The Asheville, N. C. district is another section that has to be constantly looked after, as do those of Columbia, S. C. and Louisville, Ky.

"At Atlanta, the collector has seventeen deputies; at Asheville fifteen and at Columbia twenty-eight, most of them constantly employed in raiding work. In addition, nearly eight hundred possemen have been employed from time to time in the last few months, with a number of guides."

MORE ABOUT THE CLINCHFIELD ROAD.

The Charlotte Chronicle keeps pegging away at that through train service on the Clinchfield road. It says it is coming, and we feel sure it is right. It is bound to come. Because the passenger trains have not been put on as soon after the making of connection with the Seaboard Air Line at Bostic as was expected should not cause despair of its being done. As the Chronicle says, it takes time to perfect traffic arrangements between two railway lines, to make schedules, etc.

The Clinchfield road is too big an affair to stop at the little station up above Charlotte. Its trains will eventually come on to Wilmington and this section of the Seaboard will form a part, by the closest traffic arrangements, of the new short route to the great Northwest. This will not be only a coal road, bringing the products of the mines to our port, but it will form the most direct line between Wilmington and the markets of the West and Northwest, putting us in close touch with the grain and meat markets of the country. It will also reduce by many hours the time of passenger service between the two sections.

The Clinchfield road may push on from Bostic to Charleston or Savannah, or may make arrangements for entering those cities over other roads, as it is reported it will do. That, however, will not prevent Wilmington being made one of its most important seaboard terminals. One thing is noteworthy in connection with the completion of this road to Bostic, which is that Wilmington is attracting more attention as a future terminal of this road than any other seaport. The public already looks upon her as the destined chief port of entry and of export for the traffic to be hauled over the line. She is looked upon as having the natural advantages to fit her for such position.

"SONGS OF THE SEASON."

"Songs of the Season" by Miss Mary Best Jones, director of music in the Hemenway school of this city, is a little book that should be in the hands of every school girl and school boy in the State of North Carolina. The question will arise in the mind of every nine out of ten persons on glancing over the book: Why has not some one done this work long ago? It is a musical compilation—a collection of songs, with the music, suitable for use in the schools of our State, and a most pleasing and commendable selection it is. Of course in the collection are "The Old North State," "Ho For Carolina," "Dixie," "America," "The Star Spangled Banner," and "Bonnie Blue Flag." The religious exercises of the school have not been overlooked. Among the sacred pieces are to be found such as "Awake, My Soul," "Jerusalem, the Golden," "Joy to the World," "Onward Christian Soldiers," "Lead Kindly Light." The book, which is published by the American Book Company, of New York, contains one hundred pages, is printed in clear type on good paper and is bound in stiff cloth board covers. The price is only 25 cents per copy, thus placing it within the reach of every pupil in the schools of the State. The school children, the school officials and the State owe a debt of gratitude to Miss Jones for this work.

DISTRICT OF COLUMBIA RECORDSHIP.

It is reported in Washington that John C. Dancy will lose his place as Recorder of Deeds of the District of Columbia, a negro from some Northern State to be appointed in his place. This office has been held by negroes for many years, and it has come to be considered as belonging to that race. If this is to be kept up, why should this negro from North Carolina be turned out to make room for one from the North? There are no charges against Dancy. He has attended to his duties. It is a non political office and as it is to be filled in the future, as in the past, by negroes, it will be doing an injustice to the race of the section represented by Dancy to turn him out without cause and for the purpose only of giving another negro an office. We believe Dancy's reappointment would receive the endorsement of many Democrats in this State.

A Savannah dispatch says the cotton factors in that city and others in Georgia will oppose the Sully warehouse plan if an effort is ever made to put it into effect. They will hardly be called upon to put their opposing tactics into operation. It is too gigantic a scheme with too many interests involved to be practical.

If the Democrats in the House stand for their party principle of tariff for revenue why did not the minority members on the Ways and Means committee embrace in their report on the Payne bill a regular tariff bill based on those principles and thus show the country what the party advocates?

The news came from Washington a few days ago that Hon. Richmond M. Pearson had lost his position as Minister to Greece. It now appears that he tendered his resignation, which has been accepted; but it is not stated whether he resigned on request or not.

How those South Carolina editors do gnash their teeth every time they read about the big time Charlotte is going to have on the 20th of next month. We didn't know such a jealous spirit found lodgement in the breast of members of the fraternity.

One of the Winston Journal's subscribers has threatened to quit taking that paper because it publishes a lot of baseball news. We are afraid that man will find it hard to secure a paper for the next few months which will suit him.

An exchange says that "Count Zepelin's dirigible has no wings at all, but it gets there just the same"; and it stayed there the other day, too, when it struck that storm up in the air.

CURRENT COMMENT.

—An invention is announced that will prevent chauffeurs from using the motor cars of their employers without the consent of the latter. If this invention could be applied to the South Carolina mule, so that the farmer would be sure that the colored man would not use the faithful beasts for "joy-rides" to hot suppers, it would find a ready sale.—News and Courier.

—Austria has shown of late a desire to count for more in marine commerce. No other nation of its size and importance is so extensively cut off from the sea, though its capitals are on the greatest river of the Continent. Germany's progress has been largely associated with its growing ocean traffic and betterment of inland waterways. Austria's population of 23,000,000 includes 10,000,000 Germans, and the Hungarian and Bohemian elements are large and enterprising. One of the first signs of a greater Austria is the movement to deepen the waterways.—St. Louis Globe Democrat.

—Charles M. Schwab has been again spurring out the unwelcome truth about the steel business. He told an interviewer at Chicago last

week: "It is true that we pay our workmen more money than other nations, but you always have to pay skillful workmen the highest wages. THEREFORE, the highest paid labor is the most profitable to the employer. The skillful man makes money for his employer." Please give due weight to Mr. Schwab's THEREFORE. The highest paid labor is the cheapest.—Philadelphia Record.

—It's all well enough to say that the Whitla family shouldn't have been allowed to pay a ransom for the boy; but it isn't true. Anybody else would have done the same thing in the like circumstances. The question of whether the parent of the kidnapped boy is under obligation to keep faith with the abductors, is different. Somehow or other, they ought to be caught and punished. The law should have the co-operation of Whitla in capturing them. He may be fearful of the vengeance of the gang if he takes part in their capture; but that it the chance he owes to the community to take.—Washington Times.

—Deacon Hemphill, of the Charleston News and Courier, shows himself strangely distrustful of the safe conduct which we freely offered him for the Twentieth of May celebration. He quotes "that eminent Presbyterian King, Solomon," concerning the net and the bird. We can only conclude that the Deacon's guilty consciousness of his offending toward the men of Mecklenburg gives rise to suspicions which he himself must recognize as wildly unreasonable. About Solomon's denominational predilections he is quite right. David, however, was a Methodist.—Charlotte Observer.

—President Taft wants a tariff bureau. Before long we shall have a house fitted with nothing but this article—the House is governed by one, the Senate will submit when several of these have been joined into one, and now the President wants one big one set on top of fifty smaller ones. Hats off to the bureaucratic form of government. Why not put the head of the tariff department in the Cabinet? Why is not the Secretary of the Treasury already presiding over a tariff bureau unless it be distinctly desired to separate the revenue feature of the tariff from the incidental pigeon holes built for political jobs, local interests and other side issues?—Times-Union.

—If, as the Protectionists contend,

maintenance of wage scales are dependent upon continuance of existing tariff duties, what and where is the explanation of the very general wage reduction which took place on the first of the current month? The Dingley schedules are still in full force and effect, and there is little in the proposed Payne bill to encourage the hope that any appreciable lowering of existing duties is to be effected. In fact, the average of protection under the proposed new schedules is higher than under the present rates. How long will Labor continue to allow itself to be duped into the belief that Protection protects the workman?

TWINKLINGS.

—Charon was flabbergasted. "That shade wanted to take the boat for a joy ride," he cried. Plainly there is no limit.—New York Sun.

—De Tanque—Oh, I believe in a short life and a merry one. Wigwag—Well, I guess you'll get the benefit of the first half of your theory, all right.—Philadelphia Record.

—Ethel—Didn't it seem an age from the time you were engaged till you got married? Maud—Yes, but Jack and I managed to squeeze through it.—Boston Transcript.

—Pearl—He is so slow. Ruby—Frightfully. How can I call him a back number without offending him too deeply? Pearl—Oh, just call him a Teddy bear.—Chicago News.

—"Who is the most talked about person in town?" "Well, it depends. But it's usually the woman who can't attend the meeting of her afternoon club."—Detroit Free Press.

—"I suppose your motto is business before pleasure?" "No, sir," answered Mr. Dustin Stax. "In my opinion when business is good there is no greater pleasure."—Washington Star.

—"Patience—I see love making on postal cards is in violation of the postal regulations of Russia. Patience—The country postmaster must have a dull time of it over there.—Yonkers Statesman.

—"A feller shouldn't stand in the middle of the street to talk pessimism," declared the Plunkville philosopher. "Why not?" "Fust he says life ain't worth living, and then jumps when he hears an automobile honk."—Washington Times.

7,650 NEW YORK DEATHS CAUSED BY HOUSE FLY

Special to The Journal.
New York, Dec. 18.—Seven thousand, six hundred and fifty deaths are caused annually in New York city by the common house fly. The figures are given in a report to Governor Hughes by Dr. Daniel C. Jackson, bacteriologist of the state health bureau. The report is based on a study of the habits of the fly and the way in which it transmits typhoid and fatal attacks of typhoid and intestinal diseases. "The time of greatest prevalence of flies," says the report, "was in the month of August, beginning on July 1, and ending on Oct. 1. Corresponding deaths from intestinal diseases rose above the normal, and fell off with a slight lag at the time of the gradual subsidence of the prevalence of the insect."

SOUTH CAROLINA LIQUOR CASES

Federal Supreme Court Decides Them in Favor of the State.

(By Wire to the Morning Star.)

Washington, April 5.—The famous South Carolina dispensary case involving the disposition of about \$900,000 of dispensary funds held by the State Dispensary Commission was decided by the United States Supreme Court today in favor of the commission.

The case was instituted by the Wilson Distilling Company and the Fleischmann Company in the United States Circuit Court for the District of South Carolina to collect debts contracted by the State in the purchase of liquor in the State from 1892 to 1907 while the dispensary system was in vogue. The commission, consisting of W. J. Murray, John McSweeney and Avery Patton, was appointed in 1907 when the State resolved to go out of the liquor business. This commission was empowered by the Legislature to collect all moneys due the State and to pay all of its debts. At the time the suits were instituted about \$800,000 had been collected and there still was about \$100,000 due. Bills for something over \$600,000 were presented by liquor dealers and when the commission declined to pay them as promptly as the creditors considered it desirable they brought suits for their collection. In their petitions in the Circuit Court they alleged that the members of the commission had entered into a conspiracy to hold the funds for their own selfish purposes in support of which assertion they declared that the money was deposited in banks in which members of the commission were officers or stockholders. On the other hand, the commissioners alleged a coalition among these creditors to collect excessive sums and asserted that they had only taken the necessary precautions of investigation before making payment of any liabilities that might be justly due. The commission resisted the suit on the ground that it was a proceeding against the state itself, and that the commission is a court, and therefore not subject to injunction. The circuit court overruled both of these pleas, placed the dispensary funds in the hands of a receiver and granted an injunction against the commission, prohibiting it from disposing of the funds in its possession. This opinion was affirmed by the United States Circuit Court of Appeals for the Fourth Circuit. The decision of that court was today reversed by the Supreme Court.

The Supreme Court also affirmed the State Court in the case of Dispensary Commission vs. the State, involving the demand of Attorney General for setting aside by the commission of funds for prosecution of violations of dispensary law.

GEORGIA'S WOMAN CONVICT.

She Breaks Her Chain, Saws Window Bars and Escapes.

(By Wire to the Morning Star.)

Athens, Ga., April 5.—Kate O'Dwyer last night broke the shackles that forced her to work on the chain gang and escaped by sawing the bars of her cell. She had been sentenced to the chain gang for twelve months for disorderly conduct. The sentence was suspended on condition that she leave the county and never return. She returned a month ago and was arrested. She was ordered shackled and chained day and night as desperate men convicts were. Her treatment became public when an attorney asked for a writ of habeas corpus on the ground that no one can be condemned to infamous punishment except by a jury. Governor Smith took up the case and the prison commission issued an order that no woman prisoner was ever to be shackled hereafter.

Greensboro, April 3.—An adjourned hearing in the bankruptcy matter of The Industrial News was had before Mr. G. S. Ferguson, Jr., referee in bankruptcy, this afternoon, when an order was made confirming a sale of the property to Mr. E. C. Duncan, of Raleigh, for \$8,000, the amount of the mortgage on the property, the accrued interest on the same from December 26, 1908, to be added. Mr. Duncan, who is one of the receivers of the Seaboard Air Line Railway, is away on an inspection tour and was unable to come to Greensboro, but made the offer to the trustee through Mr. Charles D. Benbow. Mr. Duncan's purpose in buying the property is understood to be to continue the publication in Greensboro of a Republican State daily paper. It is not known who will be editor of the paper, but it is rumored that Mr. Z. P. Smith, of Raleigh, will be general manager of the business.

AN OPEN LETTER TO OUR FRIENDS AND PATRONS

TWO YEARS AGO we opened our doors for business, setting our ideal of perfection at the highest commercial notch. With a bound it seemed to leap into popular favor, and the consequences have been wonderful upward strides, a constant bettering of our merchandise, a constant increase in varieties, daily improvements in our store service, and a tremendous increase in our great and growing business.

This record of successful effort was not made possible by our work alone, and never have we appreciated more than now our obligation to our good friends and patrons who have made this condition possible. We have never allowed ourselves to feel that in simply giving a customer his or her money's worth we had fulfilled our whole duty, but tried to perform that duty in such a way as to assure them that we appreciate their patronage.

In an age where The Best is the recognized standard of achievement in every field of endeavor, our store becomes a synonym for supremacy in clothes. A store where exclusiveness in style is more than a mere phrase—where merit of a high order is the unfailing stamp of distinction—where men are accustomed to come and choose with pleasure their apparel from season to season, knowing that the finest clothes the world produces are the clothes we sell every day.

WE ARE SOLE AGENTS FOR

"Stein-Bloch Co.'s Smart Clothes" and Michaels-Stern's

"THE BEST WORN, WORN BY THE BEST."

These are our leading lines and they represent all that is desirable in high grade ready-to-wear garments. For Boys and Children we are agents for N. Snellenberg & Co. The clothing of Boys of all ages is our specialty, and we can demonstrate this assertion to your satisfaction.

The old saying, "every man to his trade" is no longer applicable to the trade of clothes making. Nowadays it should read "every man to his SPECIAL part of his trade," for that is the way it is done by the wholesale tailors who build our garments. For example: our clothes for young men are turned out independently of the older men's—they are designed, planned and executed independently, resulting in the creation of individual styles for the younger generation.

A complete line of Hats and furnishing goods.

J. W. FLEET COMPANY

SOUTHWEST CORNER FRONT & PRINCESS STREETS.

REASONS

The reason we expect your business in the machinery line is that we have the largest and best located plant in the city. We are prepared to rebuild all kinds of Locomotives, Engines, Boilers, Saw Mills, Etc.

PERSONAL PARAGRAPHS.

—Mr. T. Y. Morris, who went to South Carolina some time ago to live, has recently returned to Wilmington and is connected with the Coast Line.

—Mr. Emmett Crow has recently returned to this city and accepted a position with the Coast Line. For some time past he has been at Bolton, N. C., with the Waccamaw Lumber Co.

—Mr. Marsden S. Smith, who has been spending several days at his home in the city on account of sickness, has sufficiently recovered to resume his work and left Sunday for Newport News, where he has recently been transferred by the Armour Company.

—Mr. A. J. Mitchell returned yesterday from a couple of days spent with his friend, Mr. George Wilson, at Black Mountain, N. C. Many friends of Mr. Wilson here will be delighted to know that he is improving fast and hopes soon to return to Wilmington where for several years he was private secretary to Dr. Geo. G. Thomas, chief surgeon of the Atlantic Coast Line.

CONCERT AT WHITEVILLE

Pupils of Miss Chapman in Piano and Voice to Give Recital Thursday. (Special Star Correspondence.)

Whiteville, N. C., April 5.—A number of Miss Chapman's pupils in both piano and voice will render a program at the Whiteville High School auditorium Thursday evening, April 8th. The music lovers of the town and community are invited. The program is as follows:

1. "Hark the Birds".....Marion Miss Annie Memory.
 2. Valse Brillant, A Flat Major.....Chopin Miss Margaret Baldwin.
 3. The Dying Poet.....Gottschalk Miss Irene Memory.
 4. Valse.....Renguet James Schulken.
 5. Lullaby (Jocelyn).....Godard Miss Chapman.
- Part II.
6. La Baladine.....Miss Jane Powell.
 7. Melody.....Miss Gladys Thompson.
 8. (a) Valse, A Flat Major.....Chopin (b) Au Matin.....Godard Miss Bessie Baldwin.
 9. The Vine Gatherers.....Arranged from Denza.

Arrested on Two Charges.

Some excitement was created early last night on Ninth, between Princess and Chesnut streets, in the arrest of Mr. F. J. Gooding, who had gone to the home of Mr. J. Wannamaker and demanded to see Mrs. Gooding, who was visiting there. Mr. Gooding was charged with engaging Mr. Wannamaker in an affray when denied admission and later, upon his arrest, a pistol was found on his person, which caused an additional charge of carrying a concealed weapon to be entered up against him. He gave bond in the sum of \$50 at the City Hall with Captain H. C. Twining as surety for his appearance before the Recorder at 11 o'clock this morning.

Coxe Gives Bond.

B. Coxe, the young white man charged last week's term of the Superior Court with houseburning, the jury having failed to agree in his case, the bond being later reduced from \$700 to \$500, yesterday furnished the amount of security required of him and was released from jail. He gave \$200 of the amount in cash and the remainder with Messrs. G. S. Boylan and W. J. Reaves as sureties for his appearance at the next term of court. It is understood that the defendant has secured employment in the city and will remain here with his wife and little daughter.

DIED.

GILBERT—At the James Walker Memorial hospital April 4th, at 9:30 A. M. FRANCES AUGUSTA BATE GILBERT, in the 30th year of her age. Funeral from her sister's residence, Mrs. J. J. Furlong, No. 420 Red Cross street, on Tuesday morning, April 6th at 9:30 A. M., to St. Thomas Catholic church, thence to Oakdale cemetery. Friends and acquaintances invited.

DIED.

GREGG—In this city on the morning of April 5th, 1909, EVANDER MEYER GREGG.

Funeral services this (Tuesday) afternoon from his late residence, Fourth and Princess streets, at 5 o'clock; interment in Oakdale cemetery. Friends and acquaintances invited.

LOCAL DOTS.

—The British schooner Havelock, Capt. Gildert, arrived in port Sunday from San Domingo City, S. D., to receive cargo of lumber for the West Indies.

—A game of baseball was played at Hilton yesterday between the Sixth grades of Hemenway and Union schools, the latter team winning by a score of 7 to 6.

—The schooner Warren B. Potter, Capt. Potter, arrived at Southport yesterday and proceeded to Little River, S. C., to receive cargo of lumber for New York from the Hammer Lumber Co.

—The British steamer Delhalla, Capt. Davies, cleared Sunday for New York to receive cargo for foreign markets. She discharged 7,000 tons of acid phosphate to the Wilmington Warehouse & Compress Company.

—The seventh grades of Union and Hemenway schools will play a game of baseball at League Park this afternoon at 3:30 o'clock. The contest will be one of interest in amateur circles and an admission of ten cents will be charged.

—The cost of the ice manufacture, refrigeration, etc., in connection with the new machinery recently installed by E. Warren & Son, should have been \$1 per ton instead of \$1 per hundred weight as was erroneously stated in the Star Sunday.

—Mr. S. A. Schloss, of this city, lessee of the Charlotte Academy of Music, and the resident manager there, Mr. John L. Crovo, have rented the park theatre in Charlotte and will conduct it during the Summer. A number of attractions are being booked for the Summer theatre.

—The hour for the McEachern-Hobson wedding at Grace M. E. Church tomorrow afternoon will be 5:30 o'clock instead of 1:30 as erroneously given in the society column on Sunday. The marriage will be one of much interest to a large number of friends in this city and elsewhere.

—Friends of Mr. R. W. Gray, formerly assistant observer at the United States Weather Bureau in this city, will be interested and pleased to know of his recent promotion in the service from assistant to chief observer and will later be assigned to regular charge of a station. Mr. Gray is now in Atlantic City, N. J., to which station he was transferred from Wilmington five years ago.

WILMINGTON PRESBYTERY

79th Session Will Convene This Morning—Calvin Anniversary.

The 79th session of Wilmington Presbytery will convene with the First Church, this city, today at 11 A. M., and remains in session until the business is disposed, the meeting this Spring being or more than the usual importance on account of the series of splendid addresses to be delivered in connection with the Calvin Quadrcentennial. Rev. Dr. H. A. White, of Columbia, S. C., a distinguished historian and pulpit divine, arrived on the early train this morning and will be the first speaker tonight at 8 o'clock, the public being cordially invited. Dr. White is a guest at the home of Rev. Dr. and Mrs. A. D. McClure, at St. Andrew's manse on Fourth street. Further announcement in connection with the Quadrcentennial will be made from day to day.

This morning at 11 o'clock the opening sermon of Presbytery will be preached by Rev. P. L. Clark, of Clinton, N. C., after which Presbytery will be constituted with prayer and the election of moderator and temporary clerk. The fourth number on the docket is the report of the committee on Devotional Exercises by Rev. J. M. Wells, D. D., chairman, fixing the hours of sessions.

The fifth number is the report of the committee on the Knox Quadrcentennial, which will also be by Dr. Wells, chairman.

At 2 P. M. business will be resumed with the reading of minutes of the meeting during Synod at Newbern. No. 7 will be communications to the body, followed by appointment of standing committees. No. 9 will be the reading of the narratives from the different churches. 10, report of the permanent committee on the Sabbath.

No. 11 at 3 P. M. will be the address of Dr. White on the subject, "The Times in Which Calvin Wrought." To all the sessions the public is cordially invited.

SUICIDE IN ROBESON.

Young Man in Lower Part of County Shot Himself With a Gun.

(Special Star Correspondence.)
Lumberton, N. C., April 5.—Coroner G. E. Ranke returned yesterday evening from the lower end of the county where he was called Saturday afternoon to hold an inquest over the body of C. A. Ammons, who committed suicide Friday evening but was not found until Saturday morning. His absence from home all of Friday night caused search to be made next morning and he was found sitting by a tobacco barn dead, having shot himself through the throat, the shot going out through the side of his head. That it was premeditated there could be no doubt as the man had removed the shoe and sock from his right foot, and sitting down aside of the barn, placed the gun to his throat and pressed the trigger with his toe. As it was a plain case of suicide, no inquest was necessary. No reason can be assigned for the rash act. The unfortunate man was 28 years old Saturday, the day he was buried, and was said to have been a hard-working, energetic citizen. He is survived by a wife.

WHAT

we should know is the combination on the lock of today. It reads, "Buy a bottle of GOWAN'S PNEUMONIA PREPARATION, and be prepared for pneumonia, croup, colds and inflammation and congestion troubles." Pains and soreness in throat and chest relieved promptly. External and quickly absorbed. All druggists. \$1.00 to 25c.

SHOCKING | TRAGEDY

(Continued From First Page.)

stated. Mr. Struthers had started to breakfast and had accepted an offer of Mr. Smith to ride home and they were about half way up the block when the accident occurred. He and Mr. Smith testified to their impression of what struck Mr. Gregg and the manner of the accident. Mr. Hand was questioned very closely as to the relation of the passing car to the collapse of the brick and in response to a question from Foreman Belden as to whether in his opinion it was the jar of the passing car that caused the falling of the material, he said that he could not say; the brick fell immediately after the car passed and the car had not gone as far as Second street in his opinion when the crash came. He saw no one working on the pile of brick and couldn't say as to whether both the frame and the brick struck the dead man. Some brick, he said, fell on him and with the dust and the excitement, it was hard to tell exactly just what did strike the deceased.

The jury merely returned a verdict "that E. M. Gregg came to his death caused by the falling of a pile of brick in front of the building of James F. Woolvin, in Wilmington, New Hanover county, etc."

No one regretted the accident more than did Mr. Woolvin, who had personally exercised every care to see that no accident occurred in connection with the removal of the old Court House and the piling of the material in front of the construction work, which is permitted under the ordinances of the city. He gave the case his every attention yesterday, not only in a professional but in a personal way. That the sad tragedy occurred even after the great precautions that had been taken by him is all the more regrettable.

Sketch of Mr. Gregg.

A friend of Mr. Gregg has prepared the following sketch of his career and tribute to his memory:

Evander MacIver Gregg was born at Mar's Bluff, S. C. He was the eldest son of Dr. Reece Gregg, a prominent physician and rich planter, known throughout the country as much for his professional benevolence as for his marked support of the Confederacy, giving with almost unprecendented liberality to the Cause, impoverishing his very large and rich estate to provide for the Southern troops.

Dr. Gregg was indeed a worthy son of one of the oldest and most aristocratic families of South Carolina. The Greggs and MacIvers, of Scotch ancestry and traditions, have had no small share in the upbuilding of that part of the State where they live. The rugged virtues and lofty principles which was their ancient heritage, found ample opportunity for expression in the pioneering enterprise of first settlers and they cannot be too highly honored for their notable services and cultured impress on the society in which they moved.

Mr. Gregg was in business in Florida previous to his coming to Wilmington about twelve years ago after his marriage to Miss Sue Meglinney, the only daughter of the late Mr. Levi Meglinney, for many years a well known and beloved educator in this section.

Mr. Gregg inherited the traits which distinguished his forbears. Well educated, well read and alive to the questions of the day, his opinion was always worth while, and even those who knew him well, were continually surprised at the scope of his understanding and the breadth of his comprehension.

He had the mind of a statesman. He thought and spoke of great issues on great lines, in decades rather than in years. He had the remarkable faculty of seeing very clearly the end from the beginning and that was the secret of his unusual perception.

Among the business men of the town he was highly esteemed for his integrity and fine sense of honor. He could be counted upon to support the right in every municipal issue and he had the courage of his convictions, willing to speak always with great fervor what he honestly believed, totally uninfluenced by the thought of fear or favor.

A friend in speaking of him yesterday said, "Mr. Gregg was one of the strongest exponents of civic righteousness in the city of Wilmington."

He rejoiced in good government and his influence was felt very strongly in behalf of any measure for the betterment of local affairs. It is noteworthy that in spite of his frankness of speech he was a man of many friends. His wit, his strong sense of humor, and that acceptable stalling of his opinions which is due to breeding and personal charm, seldom offended even those who were opposed to his views.

In the death of Mr. Gregg the community sustained a very severe loss. His high ideal of citizenship, which he himself, so finely exemplified, made him valuable to the town in which he lived, and his genial nature so endeared him to his friends that through his death they suffer a deep and lasting bereavement.

The sympathy of the entire community goes out to his stricken wife and only little daughter.

Charged With Prohibition Violation.

Mr. Ben Crumpler, who keeps a refreshment stand at Front and Orange streets, was served with a warrant yesterday evening by Police Sergeant C. S. Burnett, charging him with violating the State Prohibition Law. The arrest grew out of the arrest Saturday night of a colored woman, who testified that she had become intoxicated on a beverage known as Hyso and similar products purchased at Mr. Crumpler's place. The case will come up before the Recorder at 11 o'clock this morning.

BOARD OF ALDERMEN

(Continued from first page.)
Board of Aldermen of the City of Wilmington:

"Sec. 1. That from and after the passage of this ordinance, it shall be unlawful for any person or firm or corporation to sell or offer for sale in the City of Wilmington, on Sunday, any intoxicating drink or beverage containing more than one-half of one percent of alcohol, by whatever name termed or called.

"Sec. 2. All persons, firms or corporations violating the provisions of this ordinance shall be fined \$50.

"Sec. 3. All ordinance and clauses of ordinances in conflict with the provisions of this ordinance are hereby repealed.

"Sec. 4. This ordinance shall go into effect from and after its passage." Mr. Ellis wanted the ordinance amended to prevent giving away such drinks. It was explained that no ordinance could prevent the giving away of anything. Mr. Ellis said, the ordinance would be a farce as every person arrested would claim that he was giving away the beverage. Upon this objection the ordinance went over to next meeting.

The ordinance submitted at the last meeting providing that after May 15th no horse or mule driven or ridden in saddle or in harness, doubly or singly, shall be stopped on any of the streets or alleys, unless left with an attendant or driver, or unless it be securely tied or hitched to a post planted for that purpose, or unless it be securely tied to an iron weight, connected or attached to the bit or bridle under penalty of \$10, was called up and passed after some discussion. Mr. Ellis alone voting in the negative on the ground that it would work an unnecessary hardship on many people.

The ordinance providing for a meat inspection with some central point of inspection, to be effective Oct. 1st, was carried by a vote of 5 to 4. Messrs. Northrop, Ellis, Wood, French and Bolles voting in the affirmative; Messrs. O'Brien, Rathjen, Jewell and King in the negative. The ordinance provides for an inspection of all meat, beef and pork sold in the city except such as has been inspected by the U. S. Government with stamp of approval thereon, designating the lower part of Front street market house as the place of inspection and providing a fine of \$10 for all violations. The objection to the ordinance was principally on the ground that it would be a hardship upon dealers in the northern and southern parts of the city to have to carry their meats down town and then carry it back again to place of sale. The ordinance goes into effect October 1st.

The resignation of J. J. Furlong as building inspector upon his appointment as Recorder was read and accepted and the Board elected Fire Chief Chas. Schibben to fill out the unexpired term till an election by the incoming Board.

E. M. Mott, an aged white man, was allowed to peddle without license.

Application of Smith & Lord for refund of taxes erroneously paid was referred to the Finance Committee and City Attorney with power to act. Application of E. Piner for reinstatement on the police force upon recovery of his health was referred to the police committee. Biddle & Montgomery were granted change of meat market license from Fourth and Church to No. 408 South Fourth street. H. M. Bremer was granted private meat market license at No. 115 Market street. Alderman Northrop reported for the special committee to recommend the best plan of acquiring a sewerage system that with the change in the Board of Audit and Finance and the suggestion of a joint committee to consider the same, coupled with the fact that the new Board of Aldermen is shortly to come in, it had been decided not to pursue the matter further, but to leave further negotiations with the new administration as anything now undertaken might not be completed before the terms of the present Aldermen expire.

Upon motion of Dr. Bolles, the Board unanimously elected Mr. T. Q. Bunting tax lister for the current year.

Dr. Bolles asked that the tax ordinance levying an annual tax of \$100 on proprietors of private markets per year in advance be changed, making the tax payable semi-annually, the point being raised to fit the case of Mr. H. M. Bremer, who would have to pay \$100 for the few remaining months for the present fiscal year. Dr. Bolles later changed his motion amending the ordinance by adding the words, "license to be in force one year from date of issue," and the same was passed, after which the Board adjourned at 10:20 o'clock.

LOGICAL ECZEMA CURE
ENDORSED BY PHYSICIANS

After treating eczema for years as a practically incurable blood disease, the medical world is greatly interested in the discovery that it is not a blood disease at all, but is due to a parasite in the skin itself. This parasite is easily destroyed by the external application of a compound of oil of wintergreen, thymol, glycerine, etc. This will quickly kill all eczema germs, while soothing and refreshing the skin.

Dr. R. A. Folkerts, of Duluth, Minn., tells of the success in treating patients:

"There was a man here suffering from eczema for the last fourteen years, and I applied the D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who has been suffering with Rheumatism for fourteen years, and Eczema in his feet, and the second treatment in both cases cleared the skin almost absolutely. The first application is a balm, and its soothing effect is beyond expression. I shall never be without it, and shall use it among my patients altogether."

No matter how terribly you suffer from eczema, salt rheum, ringworm, etc., you will feel instantly soothed and the itch allayed at once when a few drops of this oil of wintergreen compound is applied. The cures all seem to be permanent. Robert R. Bellamy.

Number of Cases Before Recorder.

Eight cases for small offenses constituted the docket of the Recorder's court yesterday morning, seven of the defendants being for drunkenness and disorderly conduct and one for an assault. A case in which D. J. Bond, a white man, is alleged to have interfered with Officer Rouse, while he was arresting Edward Elwell, a sailor, and two cases against N. L. Livinson, on false pretense charges, were continued to today. Young Mr. Bond, who is a switchman of the Atlantic Coast Line, denies that he is the person wanted.

W. S. Tyson, aged 60, married, and the father of nine children, shot and killed himself at Macon, Ga., yesterday while in a fit of despondency caused by the loss of his position as State convict warden, the new law under which the convicts are worked having become operative on April 1st.

WOMEN'S WOES.

Wilmington Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up", must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Miss Maggie Rivenbark, 105 Dock St., Wilmington, N. C., says: "I found great benefit through the use of Doan's Kidney Pills, procured at R. R. Bellamy's drug store. I suffered from constant, dull pains in my back and some days I could hardly get about the house. My kidneys were very weak and I was caused much annoyance by too frequent passages of the secretions. I used several remedies but nothing gave me the desired relief until Doan's Kidney Pills were used. They proved to be just what I required and in a short time cured me so completely that my trouble has never returned."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THE C. W. POLVOGT COMPANY

SPIRITS TURPENTINE

—Greensboro Record: A stranger sojourning in Greensboro for a few weeks offered to bet an even \$100 the other day that he could buy 100 quarts of liquor in a journey of half an hour, but he found no takers.

—Salisbury, April 3.—In the first legalized Democratic primary ever held in Rowan county today, A. L. Smoot, a well known business man, was nominated for mayor of Salisbury with 506 votes against 421 for W. B. Strachan, his opponent, who was defeated by only 84 votes.

—Winston-Salem, April 3.—Three months in the county jail was the sentence imposed on William Fowler in recorder's court yesterday. Fowler is a white man and plead guilty to selling two quarts of liquor to M. C. McClain. He stated that he was too ill to go to jail, and Recorder Griffith said he would have a physician examine him.

—Newbern Journal: In a list published in the Canal Record, giving the names of those Panama Canal employees entitled to a medal for good service, is noticed the name of Mr. Numa Nunn, formerly of this city who has been with the company since July, 1904. The name of a Kingston boy, Mr. James J. Gilbert, who has earned his medal was noticed in the Record a few weeks ago.

—Fayetteville, April 3.—Walter Hales, George Evans and Sid McLeMore, three young white youths of Cambellton (East Fayetteville) were tried in the mayor's court yesterday and fined \$5 and costs each, for severely whipping Van Skipper, another Cambellton boy, because he persisted in paying attentions to a certain young lady. The whipping was done by a band of young men that visited Skipper and treated him after the manner of the "night riders."

—Salisbury Post: Mr. L. Ed Hellig is in receipt of a letter from Mt. Pleasant advising him that at a meeting of citizens of that town this week a committee was appointed to attend the meeting of citizens of Salisbury on April 8th for the purpose of discussing the extension of the Southbound Railroad. The citizens in the territory through which it is proposed to run the road are much interested in the proposition and the meeting next week promises to be largely attended.

—Franklin Times: During a big freshet in the river here on August 26, 1908, Badger Hart wrote the following, placed it in a half-pint flask and threw it into the river: "The finder of this will return to E. Badger Hart, Louisville, N. C., and receive a handsome reward." One day last week Badger received a letter from L. R. Wichard, of Wichard, N. C., stating that he found the flask containing the above near the mouth of Pamlico river, within sight of Washington, N. C., on the 17th of March.

—Newbern Journal: The Journal is informed that work will be resumed at once on the railroad started a few years ago, leading from Swansboro toward the Atlantic Coast Line. Work was stopped on account of unsettled financial conditions. It was intended to run the road to Deppe but plans have been changed and it will go to Jacksonville instead, and will be rapidly pushed to completion. The road as now planned will open up a fine farming country as well as timber land and Swansboro will no doubt become a popular summer resort. For it certainly has everything to make it one except quick transportation.

—Newbern, April 3.—Seymour W. Hancock, a prominent lawyer, and for the past eleven years postmaster at Newbern, died at noon today, having been sick for some months. He was a lawyer by profession and was born in Raleigh 41 years ago. He had been county attorney, attorney for the Atlantic & North Carolina Railroad and was a prominent Mason. At the time of his death Mr. Hancock was district deputy of the Grand Exalted Rulers of the Elks. He leaves a wife and three children. He will be buried with Elk honors Sunday afternoon at 5 o'clock.

—Asheville Citizen: That the erection of the National Casket Company's plant in this city will prove of inestimable benefit to Asheville and this section is evidenced by the fact that some of the leading trade journals of the country have contained extended notice thereof. All preliminaries to the erection of another mammoth addition to the company's long train of factories have been settled and actual construction will begin next month. The factory and machinery, etc., will cost about \$125,000. The works will be a "dimensions plant." Few, if any, caskets will be made there in their entirety, but the lumber, moldings, etc., will be sawed, planed, turned and pointed, as the case may be, and shipped as dimension stock to the different factories of the company, there to be made into caskets of the different styles required.

Up Before the Bar.
N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For Chills, Constipation, Biliousness or Sick Headache they work wonders, 25c at R. R. Bellamy

Break Fruit Cake.
Many housewives would say fruit cake made without butter was a freak. The recipe below will, however, give you as rich, flavory a fruit cake as you ever tasted; yet there is no butter in it:
Mix four cups sifted pastry flour, one level teaspoon soda, two level teaspoons mixed spices (except cloves), one-fourth level teaspoon salt and two cups seeded and quartered raisins. Add also one-half cup nuts chopped fine, if you like. Blend one-half cup Cottole with one cup brown sugar and one cup white sugar, add one cup molasses, one cup milk and then the flour mixture. Beat well and bake in two pans. Cottole is used exclusively by many housewives for all frying and shortening purposes.

You Better Not Get Dyspepsia

If you can help it. Kodol prevents Dypepsia, by effectually helping Nature to Relieve Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take

Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all. Kodol is a perfect digester. Every tablespoonful will digest 2 1/4 pounds of food.

Get a dollar bottle of Kodol. If you are not benefited the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2 1/4 times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. De Witt & Co., Chicago.

fragrant, fruity scuppernong wine.

Bear's Scuppernong Wine, has in its way, made North Carolina famous. No other native or foreign wine compares with this home product.

—in its rich, fruity, delicious flavor,
—in its lightness in alcohol,
—in its great medicinal properties,
—in its purity, or in the care used in its manufacture.

It is indeed the virgin juice of the luscious North Carolina Grape!

Your guests will appreciate Bear's Scuppernong at your afternoon or evening social functions.

WHEN EASTER COMES

Spring is here, therefore it behooves all wise people to see to it that their carriages and other vehicles are in fit condition to withstand the coming season's wear and tear. Don't wait till Summer is upon you and then waste a lot of time while necessary repairs are being made, but take time by the forelock and send them now to Brown's repair shop. We do everything from mending a break to entire re-painting, re-trimming and upholstering.

per lb. on foot; dressed 15c.
GESE—Dull 50c per head; dressed
60c.

PORK—Good demand 8@9c; corn
fed 9c for small pork.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 5.—Trading in the
cotton market today was more active
and general than at any time since
the bull movement of last January and
prices made new high records for the
season on all deliveries. Close was
firm at a net advance of 17 to 21 points.
The market opened firm at an advance
of 10 to 12 points in response to higher
cables, continued dry weather in
the Southwest, the official long range
forecast for generally fair weather in
the South during the week and con-
tinued talk of a better trade demand.

There was heavy realizing at the ad-
vance and during the middle of the
day prices reacted 4 or 5 points from
the top, but offerings were extremely
well taken by shorts, foreign houses
and fresh buyers, and as soon as the
old long interest had been moderately
reduced the upward movement was re-
newed with the market reaching the
highest point in the late trading.

The close was at practically the best
prices of the day. May contracts sold
at 9.89, July at 9.83 and October at
9.62, and advance of from 57 to 71
points from the low level of two weeks
ago and of 18 to 23 points from the
closing figures of last night. General
business seemed to be increasing
and it looked as though the advance
in prices was inspiring renewed con-
fidence in a bullish relationship of de-
mand to supply next season, such as
has been the factor on all upwards
movements since last autumn. Drouth
in Texas furnishes the most promi-
nent bull argument, while the reports
of a better spot demand, higher in-
terior markets and a large foreign
short interest naturally add to the
confidence of buying. Southern spot
markets officially reported today were
unchanged to 3-16c higher.

Receipts at the ports today were
12,177 bales, against 15,585 last week
and 13,346 last year; for the week 90,
600 bales against 97,651 last week, and
99,899 last year. Today's receipts at
New Orleans were 2,100 bales, against
2,546 last year.

Spot cotton closed quiet, 10 points
higher; middling upland 10.10, mid-
dling gulf 10.35.

Futures opened and closed firm.

Month	Open	Close
April	9.70	9.86
May	9.77	9.87
June	9.80	9.80
July	9.81	9.81
August	9.82	9.71
September	9.85	9.60
October	9.54	9.61
November	9.59	9.59
December	9.52	9.59
January	9.47	9.55
March		9.55

PORT MOVEMENT.

gross receipts 10,213; shipments 12,
356; sales 3,584; stock 482,220.

LIVERPOOL MARKET.

(By Cable to the Morning Star.)

Liverpool, April 5.—Cotton, spot
good business done; prices 5 points
higher. American middling 5.78; good
middling 5.42; middling 5.22; low mid-
dling 5.02; good ordinary 4.68; ordi-
nary 4.34. The sales of the day were 12,
000 bales, of which 1,000 were for
speculation and export and included
11,500 American. Receipts 12,000
bales, all American.

Futures opened firm and closed
quiet. April; April and May 5.11 1-2;
May and June 5.12 1-2; June and July
5.15; July and August 5.18; August
and September 5.12; September and
October 5.10; October and November
5.08; November and December 5.07;
December and January 5.06 1-2; Jan-
uary and February 5.06; February
and March 5.07; March and April 5.08.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, April 5.—Cotton goods
are quite active in converters and
printers' styles, but the secondary dis-
tributors are not doing much at present.
In domestic dress goods the
market is quiet so far as new busi-
ness is concerned but the preparations
that are being made for next spring
are most interesting just now. The
raw silk market is showing a firmer
tone and there is more inquiry both
here and in Japan.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, April 5.—The specu-
lation in stocks did not fully maintain
its strong tone throughout today, al-
though still showing evidence of vi-
tality and an undertone of confidence.
Speculative opinion seems to have ar-
rived at the conviction that the worst
is over in the business depression and
that improvement is to be the rule
from now on. Mixed with the con-
fidence engendered by this view is the
caution prompted by the probability
that the speculation will outrun the
rate of improvement, leaving room for
sharp stock market reactions. An ad-
ditional unsettling influence was the
expectation of a decision in the case
to test the commodities clause of the
Hepburn law. The fluctuations in
Reading became very feverish. Then
followed a period of extreme dullness
in the entire market until the an-
nouncement came that the decision
was once again postponed. Saturday's
price recovery and the tone of ad-
vices sent out by Commission houses
over the week resulted in considera-
ble accession of buying orders when
the market opened. The further im-
provement in the financial conditions
abroad brought an addition to the de-
mand for American securities from
that source also. The selling to real-
ize had its inevitable effect in check-
ing the rise and was followed by the
coming period of mid season. In the
latter efforts to start up again a good
deal of attention was given to indi-
vidual stocks, with a view to their sym-
pathetic effect on the general list.

The vigorous advance in the last
half-hour of Union Pacific and United
States Steel was decisive in turning
the whole market upwards again.
Bonds were firm. Total sales, par
value, were \$4,947,000. United States
bonds were unchanged on call. Total
sales of stocks today were 976,300
shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, April 5.—Money on call
easy 1 1-2 to 2 per cent.; ruling rate
1 3-4; closing bid 1 3-4; offered at 2.
Time loans somewhat easier; sixty
days 2 1-4 to 2 1-2, and ninety days
2 1-2; six months 3 per cent. Prime
mercantile paper 3 1-2 to 4 per cent.
Sterling exchange steady with actual
business in bankers bills at 4.8605 to
4.8615 for sixty day bills and at 4.8775
for demand. Commercial bills 4.85 5-8
to 4.85 7-8. Bar silver 51. Mexican
dollars 44.

SECRET MURDER OF A LAWYER

Third Violent Death Connected
With Famous Georgia
Land Suit.

FOUND DEAD IN AN OFFICE

Shot Through Brain—Pistol Grasped
In Hand—Evidence of Desperate
Struggle—Other Signs
of Murder—Note.

(By Wire to the Morning Star.)
McRae, Ga., April 5.—That Pope Hill a prominent attorney of Macon, who was found shot to death today, is the third victim of an assassin in the Dodge land case, is the belief of police officers. A coroner's jury after a careful examination, declared that Hill was murdered by "parties unknown".

Hill was found dead in the office of an attorney early today, a bullet in his brain and a revolver, with one chamber discharged, grasped in the right hand. The condition of the office indicated a desperate struggle. The stove was upset, the coal scuttle was crushed and the furniture was broken. On the floor lay an unfinished court motion in the Dodge case which Hill had drafted and brought to McRae to file.

Hill arrived in McRae at noon Sunday and went into a friend's law office to work on the case. Later he went to the home of the proprietor of a hardware store and said he wanted a revolver as he had received some threatening letters. He was so insistent that the hardware man opened the store and sold Hill the revolver that today was found clamped in his hand.

Today Hill returned to the law office and was not again seen alive by friends.

When found, Hill had been dead several hours. The bullet had pierced the right eye and entered the brain. From blood stains on the wall he probably was shot while standing. Hill, who was 40 years old, was a member of the law firm of Harris & Hill. A widow and one child survive him. His friends are employing detectives.

A note which Hill received at Macon was found on the body. It is believed that this is the note referred to when he bought the revolver on Sunday. It is written in a childish scrawl and reads:

"Pope Hill, the next time you interfere with our settlement, you will be broke." It is signed with a crudely drawn skull and cross bones.

The authorities are convinced that the note refers to the Dodge case, which was on the verge of settlement, when the new and unknown claimant put in an appearance. He was represented by Hill. The authorities are convinced, likewise, that Hill was murdered. They point to the warning note, the lack of powder burns on his face and the fact that Hill was in the midst of preparation of a motion in the case when he was killed.

The Dodge land case is one of the most famous in the State and three persons connected with it have met tragic and mysterious deaths.

The list of deaths and narrow escapes in the Dodge land suit began in 1891. In that year Captain John C. Forsyth, representing the Norman W. Dodge estate, was murdered. After a six weeks trial five men were sent to prison charged with the crime.

Shortly afterward Captain F. L. Williams, one of the claimants in the case, was killed. For weeks afterwards the entire neighborhood, embracing four counties, was in a fever of excitement. Besides these deaths there were several encounters in which the participants received gunshot and knife wounds.

The Dodge lands cover about 400,000 acres. Since 1882 there has been almost continuous litigation over portions of the property.

SCHOONER IN DISTRESS

Crew Refused to Abandon Her When
Hawser Parted.

(By Wire to the Morning Star.)
New York, April 5.—The steamer Admiral Farragut arrived today from Port Antonio and reports that on April 3rd at 6 P. M., in latitude 33.35, longitude 74, she passed the three masted schooner A. & M. Carlisle, of Philadelphia, in distress, steering north, with loss of mainmast and mizen topmast.

A wireless report was received here today from the steamer Prinz Joachim stating that when off Elizabeth City, N. C., at 6 A. M., in latitude 33.41; longitude 74.04 she sighted the schooner A. & M. Carlisle flying signals of distress. The Carlisle asked for assistance and the Prinz Joachim took her in tow for New York.

Off Carolina Coast.

Beaufort, N. C., April 5.—A wireless from the steamer Prinz Joachim today reported that she picked up and towed an unknown disabled schooner for several hours. The hawser parted but the crew refused to leave the schooner and the steamer proceeded. A strong southwest wind is blowing.

Words to Freeze the Soul.

"Your son has Consumption. His case is hopeless." These appalling words were spoken to Geo. E. Blewens, a leading merchant of Springfield, N. C., by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks' use," writes Mr. Blewens, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infallible for Coughs and Colds, it is the safest, surest cure of desperate Lung diseases on earth. 50c and \$1.00. R. R. Bellamy, Guarantee satisfaction. Trial bottle free.

ROOSEVELT AT NAPLES

Great Crowd Paid Respects to Former
President of United States—Par-
ty Swiftly Proceeding to
Heart of Africa.

(By Wire to the Morning Star.)
Naples, April 5.—Ex-President Roosevelt spent several hours in Naples today. The steamer Hamburg on which Mr. Roosevelt was a passenger, coming in soon after noon greeted on her way to the anchorage with the blowing of whistles, the display of many flags and the playing of bands.

Great crowds too waited for his appearance on the streets and when he rode alone in an automobile he was greeted with enthusiasm that astonished him. He met various official delegations at the Hotel Excelsior, scores of prominent Americans and the representatives of other countries and to them all he expressed the warmest thanks for the welcome. He visited the Duke and Duchess of Aosta at Capodimonte, and later dined in private at the hotel, going on board the steamer Admiral about 10 o'clock in the evening. The Admiral which will convey Mr. Roosevelt to Bombasa was ready to sail at mid-night.

The ex-President's quarters aboard were filled with flowers, which had come from admiring friends. Chief among these were bunches of red, white and black carnations from the German Emperor and a great cluster of fragrant blossoms from the Empress.

The German consul general in the name of the Emperor carried to Mr. Roosevelt the warmest greetings and a letter in which the Emperor expressed the hope that he would see Mr. Roosevelt in Berlin on his return. Mr. Roosevelt told the consul general to inform the Emperor that he would certainly go to the German capital and would tell his majesty "How the white man can live and fight in Africa."

Mr. Roosevelt received in Naples several thousand letters and telegrams but not having a secretary at his disposal, it was a physical impossibility for him to reply to these.

GOV. ANSEL WAS CONFIDENT

That South Carolina Dispensary Case
Would be Decided in Favor of State.

(By Wire to the Morning Star.)
Columbia, S. C., April 5.—When asked about the decision of the Supreme Court in the dispensary case, Governor Ansel said:

"I am very much gratified at the decision of the Supreme Court in this case. I am not surprised that the contention of the State has been sustained, for I felt all along that the opinion would be rendered in our favor. After Judge Pritchard rendered his decision against the dispensary commission, I spent two or three days in the State Supreme Court library examining the authorities and the law, and I was satisfied then that the highest court would decide this matter favorably to South Carolina. It is a great victory for us, and I am delighted that it has been won and the commission will not be hindered longer in its work of winding up the affairs of the old State dispensary."

Further than this Governor Ansel would make no statement.

STEAMER IS WRECKED

United States Cruiser is Bringing
Shipwrecked Passengers.

(By Wire to the Morning Star.)
Washington, April 5.—By wireless telegraph Rear Admiral Swinburne, commander-in-chief of the Pacific fleet, today notified the Navy Department that the armored cruiser California had sailed from Magdalena Bay for San Francisco with forty-nine shipwrecked passengers, their baggage and the mails from the Pacific Mail steamer Indiana which was wrecked just south of the entrance to Magdalena Bay on Saturday. The admiral says that the Indiana is reported to be a total loss but that the navy tugs Navadoc and Fortune are standing by to render any possible assistance. The California should reach San Francisco by Friday next.

LYNCHED FOR MURDER.

A Negro Hanged by a Mob For Killing
Police Officer.

(By Wire to the Morning Star.)
Pensacola, Fla., April 5.—Dave Alexander, a negro, was lynched here at 4 o'clock A. M. today for the murder of Policeman Canton, whom the negro stabbed to death early Sunday morning while resisting arrest.

While the police station was comparatively deserted a crowd of 25 men, at the point of revolvers, took the black man from his cell and hanged him from an electric light pole half a block from the jail. As the body swung in the air, forty bullets were fired into it by the mob.

John L. Bond, a prominent and wealthy business man of Kingsport, Tenn., was waylaid by two men last night about 8 o'clock, tied to a tree and robbed of \$600, a negotiable bank certificate of \$700 and other valuable securities. Mr. Bond was going from his place of business to his home when two men attacked him. He was left tied to the tree, where he was found one hour later uninjured.

Are Your Kidneys Well?

Bright's Disease, Diabetes, Rheumatism, Gout, Gravel, Dropsy, Inflammation of the Bladder, Bad Blood and Nervous Troubles caused by Sick Kidneys.

J. Frank Jarman, the well known Druggist of 107 Princess street, Wilmington, N. C., knows by experience that HINDIPO will cure all forms of Kidney and Nervous Troubles, and will guarantee it in all cases.

Can't you afford to try it at their risk? It costs you nothing if it don't do the work.

Sent by mail to any address, prepaid, on receipt of 50 cents. Six boxes, \$2.50. Under a positive guarantee.

YEGGMAN CAUGHT AFTER A FIGHT

George Barter, Noted Criminal,
Who Escaped From Greenville
Jail Saturday Night.

TENNESSEE DUTCH ESCAPES

Barter Caught Near Asheville and
Landed in Jail—His Accomplice
Being Hunted—Both No-
rious Safe Crackers.

(By Wire to the Morning Star.)
Asheville, N. C., April 5.—George Barton, alias "Chicago Army," noted yeggman, who with Jake Moore, alias "Tennessee Dutch" broke from Greenville jail Saturday night, was captured tonight after a severe fight with Deputy Sheriff Rogers at Craggy, seven miles from this city. "Tennessee Dutch," after wrenching a revolver from Rogers, made his escape and headed for the mountains near Marshall, Madison county. Barton, who has only one arm, is lodged in the county jail at Asheville.

Officer Rogers Fearless.

Warned by descriptions of the yeggmen which had been scattered broadcast after the jail delivery at Greenville, last night Deputy Sheriff Arthur Rogers had been keeping watch at Craggy, through which station it was thought the safe blowers would pass. While walking the track about a half mile west of the station Rogers saw two men sitting near the track, one of them having only one arm. Rogers drew his gun and advanced but both men attacked him before he could fire. "Tennessee Dutch" knocked the officer down and wrenching his pistol from his grasp made for the woods.

Barton assayed to follow his partner but was thrown by Rogers, who caught the desperado's leg as he started to run.

A Severe Fight.

A severe fight in which the officer's ear was almost bitten off followed. Rogers held his prisoner until a freight crew, summoned by his call for help, arrived on the scene. The police were called from Asheville and Barton was brought to this city in an automobile. A posse started in pursuit of "Tennessee Dutch" who made for the mountains.

MR. CHAS. BANKS DEAD.

Passed Away Last Week at His Home
in Baxley, Ga.—A Gallant Soldier.

Many Wilmington friends will hear with regret of the death of Mr. Charles Banks, which occurred at his home in Baxley, Ga., on Tuesday, March 30th, following a stroke of paralysis. Mr. Banks was a brother of Mr. W. W. Banks, the late Mrs. H. H. Munson, the late Mrs. T. C. Lewis, of this city, and Mr. Albert C. Banks, of Brunswick, Ga. He was a gallant Confederate soldier, having enlisted at the age of 21 years in the heavy artillery at Fort Sumter, S. C., in 1861, serving all through the war and being honorably discharged in 1865. He was one of the heroes of the terrible siege of Sumter, during which the flag was shot down by the enemy. The commanding officer called for volunteers to replace it. Young Chas. Banks responded and thrice amid the heat of shot and shell he climbed the color pole and replaced it to the roar of artillery and cheers of his comrades. For his gallantry on this occasion he was complimented on dress parade by a special order from the General Commanding and until his death wore a Confederate Cross of Honor.

Mr. Banks was held in the highest esteem in the community in which he had resided the latter years of his life, had served for a long period as county school commissioner and as clerk of the town of Baxley. The funeral was conducted from the Baptist church in Baxley on April 1st.

SIMMONS ON LUMBER TARIFF.

Senator From North Carolina States
Position of Democrats.

Washington, April 5.—That the Democratic Senators who have local interests which might be injuriously affected by a reduction of the tariff on them will not feel called upon to allow the declarations of the Denver platform to stand in the way of their opposing such reductions, is made evident by a letter which Senator Simmons, of North Carolina, has written on the subject of the tariff on lumber. He takes the position that the Democratic pledge of a tariff for revenue only was made with reference to the whole tariff system and that therefore it does not apply to any individual article.

STRICKEN WHILE SPEAKING

Former Governor of Nebraska Died In
Governor's Office.

(By Wire to the Morning Star.)
Lincoln, Neb., April 5.—W. A. Poynter, former Governor of Nebraska, while making a speech in the office of Governor Shallenberger at the hearing of the daylight saloon bill today was stricken by apoplexy and died within a few minutes.

"I'd Rather Die, Doctor, than have my feet cut off," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead—he used Bucklen's Arnica Salve till wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astound the world. 25c at R. R. Bellamy.

THE TARIFF BILL RULE

Contain Amendments Provided For
and Vote on Bill to be Taken Fri-
day—Adopted by Divided
Vote of Each Party.

(By Wire to the Morning Star.)
Washington, April 5.—Many bills and resolutions were introduced in the Senate today, but there was no debate. After a short executive session, the Senate at 1 o'clock P. M. adjourned until Thursday.

Three o'clock P. M., April 9th, was the time set by the House today for a final vote on the Payne tariff bill. The long expected resolution from the committee on rules closing general debate, providing for certain committee amendments and a full and free opportunity to alter the lumber and hides schedules and for vote on the bill next Friday, was reported late in the day and adopted with 16 votes to spare notwithstanding the desertion of 20 Republicans. Four of the 16 votes came from the Louisiana delegation, who likewise broke away from their party. Previously to the adoption of the resolution there was some severe criticism of it from the Democratic side.

Aside from the interest which attached to this proceeding was the speech of Mr. Clark, of Florida, who denounced Bryan and Bryanism, Populists and Populism, and who declared that he would support the Payne bill if it contained what his constituents wanted—a duty on sea island cotton and protection for citrus fruits, pineapples, etc. His remarks led him into an exciting colloquy with Mr. Randall, of Texas, and other Democrats, but he declared that having been instructed by the Legislature of his State and his constituents as to the stand he should take on the articles mentioned, he would not violate his solemn obligation to them. His whole attitude was one of defiance to the Democrats of the House.

Before the rule was reported there were numerous speeches on the bill. Among those occupying the floor were Messrs. Bartlett, of Georgia; Burgess, of Texas; Stanley, of Kentucky; Hobson, of Alabama; Gillespie, of Texas; Saunders, of Virginia.

An interested spectator throughout almost the entire session was Mrs. Taft, who was accompanied by her two sons and Captain Archibald Butt, U. S. A., one of the President's aides. At 4:59 o'clock the House adjourned until 12 o'clock tomorrow.

SISTER-IN-LAW KILLED HIM.

Tragedy at Buena Vista, Va.—Amos
Shot by Mrs. Campbell.

(By Cable to the Morning Star.)
Buena Vista, Va., April 5.—Henry W. Amos, of this place, was today shot and killed by his sister-in-law, Mrs. William Campbell. Amos' wife recently left him and went to the Campbell home to live with her sister. When Amos returned to Buena Vista today from Richmond he called at the Campbell residence and sought a reconciliation with his wife. The latter refused to go with her husband and a quarrel followed. Mrs. Campbell fired several shots from a revolver at Amos, none of them taking effect. She then seized a shot gun and discharged it at Amos at close range, the contents taking effect in his body, killing him. It is said Amos was not armed.

IN WAVE OF PROHIBITION.

Majority in Michigan Carries Over to
the "Dry"—The Election.

(By Wire to the Morning Star.)
Detroit, Mich., April 4.—"We have broken the backbone of the liquor traffic in Michigan," declared Superintendent George W. Morrow, of the Michigan Anti-Saloon League at midnight. Definite returns at that time showed that of the 27 counties which voted on the question of abolishing the sale or manufacture of liquor in their borders today 19 had gone "dry," seven had gone "wet" and indications were that the remaining county, Jackson, had voted for prohibition by the slender margin of 30 votes. Before today's election eleven of the 83 counties of the State were "dry."
